The Clerk read out the following e-mail sent by Mr Hadaway.

“I have had some phone calls regarding the minutes of the meeting I attended where we spoke about Buttssole pond. Having read the minutes, they do not appear to reflect what I actually said. I did not say that the willows need to be got rid of, I actually said they need trimming back to allow more light in and where they are hanging into the water. Also the reed mace and bull rush only needs some clearing to create open water areas. Any work carried out will be done so in accordance with an agreed management plan which I will prepare and bring to PC for agreement. I hope that you can adjust the minutes to reflect this.”

The Clerk explained that as the minutes for the April meeting had been signed it was not possible to change them, however KAPC had advised her to include the contents of the e-mail from Mr Hadaway in the minutes of this meeting. It was agreed that this should be done.

Dist Cllr Kenton gave a brief report.

b) The Clerk gave a brief report on the training day attended by Cllr Hooper and herself

Freedom of Information – It is the Council responsibility to ensure that any information kept by them is filed so that it is easily accessible. The Clerk was concerned about some of the old records kept in the Parish Room. She felt they needed sorting out and the very old data should be disposed off.

Data Protection -. She informed the Council that as they did not hold or process any data then she did not believe they needed to register under the data protection act.

Licensing - It had been suggested that local authorities should investigate getting premises licences for open spaces. The Clerk had checked with DDC and it would cost £100 for the licence and £70 a year to renew. After some discussion it was agreed that as no licensable activities took place on Parish Council land that this expense was not justifiable.
