

The Cinque Ports Hundred

Saturday 26th May to Monday 28th May 2018

An opportunity for our area

Every year the Long Distance Walkers Association (LDWA) organises a 100 mile cross-country challenge walk in a different part of the UK. In May 2018 Kent Group of the LDWA has been chosen to host this event. Over the bank holiday weekend of 26th to 28th May some 500 walkers will attempt to complete the Cinque Ports 100 – linking the Cinque Ports of Hastings, New Romney, Hythe, Dover and Sandwich, and the associate towns of Winchelsea, Rye, Tenterden, Lydd, Folkestone and Deal – within a 48-hour time limit. There will also be a trial walk over the same route with about 60 walkers over the weekend 5th to 7th May. The walkers will range from people in their 20s to some who will be over 80. The average age will be around 50 and most will have completed at least one previous 100 mile walk. Many will be supported by their families and several will visit the area for the first time. This is an opportunity for us all to showcase what our area has to offer and for this part of the country to benefit economically. We hope you will welcome and encourage our walkers.

The LDWA has a reputation for its responsible approach and we in Kent Group have considerable experience of organising many walks around the county. We are working with Kent and Sussex county councils and many local communities, are hiring village halls and other venues, and sourcing local produce to offer at our checkpoints around the route whenever we can.

Every walker will have a detailed route description to guide them over rights of way on a set route that has been tried and tested many times. The information overleaf tells you roughly when and where you may expect to see the walkers. You may see their torches at night. We make every effort to ensure the safety of every walker and have dedicated and expert medical and communication teams.

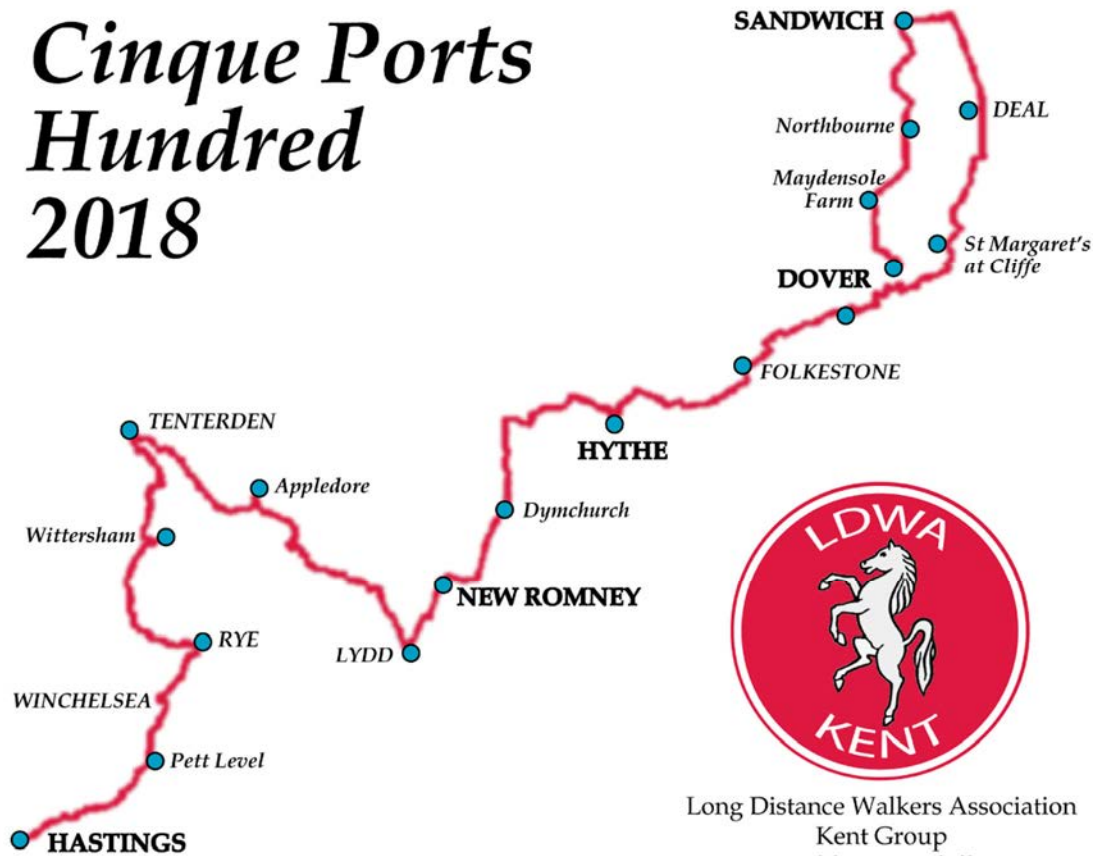

We hope you will encourage our walkers and welcome their efforts to achieve their goal of completing this considerable challenge. If you have any questions, or would like to learn more about our event, look at our website www.ldwa.org.uk/2018Hundred, where you can also see how to contact us.

Thank you

Graham Smith

Kent 100 mile event coordinator
